The program committee members use a PBWorks wiki as a tool to coordinate programming planning tasks. This has been provided a lot of efficiency in keeping everyone up to date on the details of the event planning and allowed for easy collaboration between team members. If any board members would like access to the wiki, please let Marie know.

The DC SLA Planning Committee will meet in November to discuss early 2013 programming. Chris Vestal, Incoming DC SLA VP, will be participating in this meeting as part of the transition process.
