

September 2014 DC/SLA President's Report

Annual Report

I'm preparing for the annual report which is due December 1. This is one of the reports required to receive our allotment. I already know there are questions I'm going to need the board's help with and I've included them with my report below. I'm also emailing the full report form to the board and uploading it to the wiki. Please send me your feedback by 10/1/2014. I'll be creating a form for the committee heads to complete so they can provide us with additional information.

Transitioning

This is the time of year when we should start thinking about transitioning for next year. I'm going to invite the DC/SLA candidates to attend the October and November business meetings. For October board reports I'd like to have everyone add on an additional three bullet points to their report (if applicable).

1. What accomplishment they're most proud of in 2014?
2. What unfinished business or new goal based on your work do you recommend your or your successor working on in 2015?
3. What was your biggest challenge in 2014?

President-Elect Visit

SLA President-Elect will be visiting the area September `16-17 to speak at our the Chapter Open House Volunteer appreciation event. If there's any way you all could be there on September 16 that would be great! I'm taking Jill on tours of area libraries while she's here as well. We'll be visiting the Department of Commerce Research Library on Sept 16 before the event. On September 17 we'll be visiting the Research Library at the Federal Reserve Board of Governors.

Awards

Will talk about awards in more detail in the executive session but will say very few applicants for the Leadership Summit Stipend award. I think that it might be because of the way leadership summit is marketed so probably want to communicate with SLA leadership to get marketing materials before next year's awards.
